# Lectroids Unite!

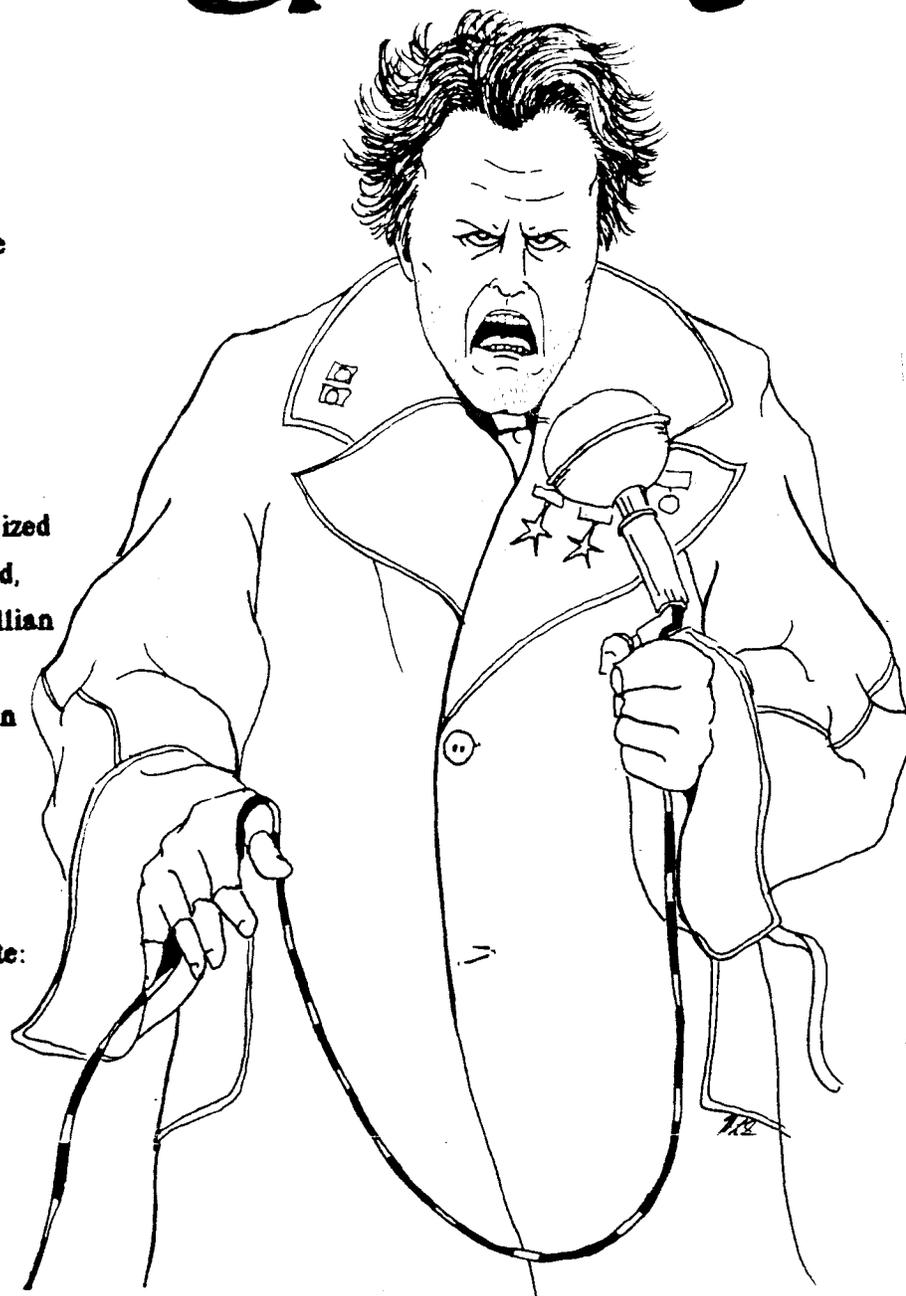

The League of Lectroids for Lizardo is an organization dedicated to the appreciation of the character Dr. Lizardo/Lord John Whorfin, portrayed by John Lithgow, in the motion picture *The Adventures of Buckaroo Banzai: Across the 8th Dimension*.

As befits true Lectroids, we have few organized activities besides watching T.V., eating junk food, and enthusiastically supporting our favorite villian. Occasionally we get together to really party. Our primary goal is to encourage communication between fans, and we are eager to find new members who want to take an active part in the Buckaroo Banzai subculture.
